Research and Teaching Interests

Product Development, Engineering for Global Development, Engineering Design Theory and Methodology, Multiobjective and Multidisciplinary Design Optimization, Interdisciplinary Education, Engineering/Design Education, Capstone Design, Computer Aided Design.

Education

Ph.D., Rensselaer Polytechnic Institute, *Mechanical Engineering*, 2003.

M.S., Brigham Young University, *Mechanical Engineering*, 2001.

B.S., Brigham Young University, *Mechanical Engineering*, 1999.

Professional Experience

Professor, Sep. 2017–Present, Brigham Young University, Provo, UT

Associate Professor, Aug. 2012–Aug. 2017, Brigham Young University, Provo, UT

Fulbright Scholar (sabbatical), July 2014–July 2015, Loughborough Design School, Loughborough, England

Assistant Professor, Jul. 2006–Jul. 2012, Brigham Young University, Provo, UT

Global Director of Engineering Design and Research, Mar. 2004–Jun. 2006, ATL Technology, Springville, UT (9 months) and Guangzhou China (18 months)

Postdoctoral Fellow, Nov. 2003–Mar. 2004, Rensselaer Polytechnic Institute, Troy, NY

Mechanical Engineer, Apr. 1999–Apr. 2000, ATL Technology, San Jose, CA

Engineering Assistant, Aug. 1996–Apr. 1999, ATL Technology, Orem, UT

Honors and Awards

Reviewer of the Year Award, American Society of Mechanical Engineers, Journal of Mechanical Design, January 2022.

Fellow, American Society of Mechanical Engineers, May 2020.

Keith Duffin Teaching and Learning Faculty Fellowship, Brigham Young University, August 2019.

Engineering Faculty Development Fellowship, Ira A. Fulton College of Engineering, Brigham Young University, 2019.

Ben C. Sparks Medal (joint recipient with Prof. Carl Sorensen), American Society of Mechanical Engineers (ASME), Citation: "For outstanding contributions through BYU Capstone, an industry-sponsored design/build program for Brigham Young University undergraduate students, which has helped provide a new generation of Renaissance engineers with a global perspective to solve economic, environmental, cultural and societal challenges." March 2015.

Fulbright Scholar Award, Fulbright-Loughborough University Scholar Award, July 2014.

Class of '49 Endowed Young Scholar Award, Brigham Young University, August 2013.

Presidential Early Career Award for Scientists and Engineers (PECASE), United States Government, Executive Office of the President. PECASE is the highest honor bestowed by the United States Government on engineers in the early stages of their independent research careers. Dr. Mattson was nominated by the National Science Foundation for "innovative research to enable product design for sustainable poverty alleviation, and for dedication towards establishing third-world outreach and learning experiences for engineering students." July 2012.

Outstanding Faculty Award, Ira A. Fulton College of Engineering, Brigham Young University, 2011.

National Science Foundation (NSF) CAREER Award, "Design Strategies to Benefit from the Profit-by-Poverty-Alleviation Paradigm," Mattson, C. A., 2010.

Outstanding Service Award, AIAA, Multidisciplinary Design Optimization Technical Committee, Abbreviated citation: "The Multidisciplinary Design Optimization Technical Committee (MDO TC) of the American Institute of Aeronautics and Astronautics recognizes Prof. Christopher Mattson for his commitment, dedication, and service to the MDO TC...", April 2010.

Technical Committee Service Award, AIAA, Multidisciplinary Design Optimization Technical Committee, Abbreviated Citation: "Chris Mattson's dedicated service leaves MDO as one of the most vibrant and active TC's in AIAA today", Sept. 2004.

Best Paper Award, G. E. Johnson, M. J. Fisher, J. L. Salmon, and C. A. Mattson, "Product Development Using Perceived Correlations Between the United Nations Sustainable Development Goals and Social Impact Categories," ASME 2021 International Design Engineering Technical Conferences & Computers and Information in Engineering Conference, Virtual Conference, IDETC2021-72065, August 17-19, 2021.

Best Paper Award, S. K. Curtis, B. J. Hancock, and C. A. Mattson, "Use Scenarios for Design Space Exploration with a Dynamic Multiobjective Optimization Formulation," ASME 2012 International Design Engineering Technical Conferences & Computers and Information in Engineering Conference, Chicago, Illinois, DETC2012-71039, August 12-15, 2012.

The Jack Spergel Memorial Award for Outstanding Technical Paper, 57th International Wire & Cable Symposium and Conference, Invited Paper "Recent Developments in the Design and Optimization of Constant Force Electrical Contacts," by Meaders, J. C., Harston, S. P., and Mattson, C. A., Charlotte, NC, Nov 9, 2009.

Best Student Paper Award, Lewis, P. K., Murray, V., and Mattson, C. A., "Accounting for Changing Customer Needs With s-Pareto Frontiers," AIAA-2010-9039, 13th AIAA/ISSMO Multidisciplinary Analysis and Optimization Conference, Fort Worth TX, Sep. 13-15, 2010.

Invited Lectures

Invited Lecture, N. Hatch and C. A. Mattson, "Interdisciplinary Innovation," Snow College Entrepreneurship Seminar, Snow College, Ephraim, Utah, 12 April 2023.

Invited Lecture, "The Opportunity and Challenge of Social Impact Modeling for Engineered Products," Development Engineering Seminar, ETH Zurich, Switzerland, Virtual, 13 March 2023.

Invited Lecture, "Good and Bad Design, Lessons in Engineering for Global Development," Global Engineering Guest Lecturer, Massachusetts Institute of Technology, Cambridge, Massachusetts, November 31, 2022.

Devotional Address, "Six Ways to Be a Better Boat Builder," Brigham Young University Campus Devotional, Provo, UT, July 19, 2022

Keynote Speech, "Village Drill Case Study in Engineering for Global Development," Membrane Technology Conference, Las Vegas, NV, February 22, 2022.

Invited Lecture, "Facing Uncertainties in Cyber-Physical-Social Systems in Engineering for Global Development," University of Oklahoma Discussion Series, 30 July 2021.

Invited Lecture, "The Impact and Future Potential of Engineering for Global Development," ASME Insider Webinars, 05 November 2020.

Keynote Speech, "The Impact and Future Potential of Engineering for Global Development," Engineering for Global Development Forum, Anaheim, CA, 20 August 2019.

Keynote Speech, "Village Drill Case Study in Engineering for Global Development," Southwest Chemistry Workshop, Provo, Utah, June 18, 2019.

Invited Lecture "Desenvovemento Sustaintável (Sustainable Development)," Centro de Educação Technológica do Amazonas (CETAM), Itacoatiara, Amazonas, Brasil, 9 May 2019.

Invited Lecture, "Village Drill Case Study in Engineering for Global Development," Global Engineering Guest Lecturer, Massachusetts Institute of Technology, Cambridge, Massachusetts, November 8, 2018.

Invited Lecture, "Engineering for Global Development," University of Buffalo, Buffalo, New York, March 1, 2018.

Invited Lecture, "The Cassini Spacecraft and Cambodian Poverty: How Poverty Alleviation Research does not get to Benefit from the Simplifying Assumptions of Outerspace," Intellectual Ventures (invited by the *Global Good* division), Bellevue, Washington, November 16, 2017.

Invited Lightning Talk, "Sustainable Development," ASME 22nd Design for Manufacturing and the Life Cycle Conference, Cleveland, OH, August 7, 2017.

Invited Lecture,"Village Drill: A Case Study in Engineering for Global Development," Graduate Seminar, University of Toronto, Toronto, Ontario, Canada, February 24, 2017.

Invited Lecture, "Village Drill: A Case Study in Engineering for Global Development, With Five Years of Data Post Market-Introduction," ASU LightWorks Event Series on Engineering for Global Development: Use-Inspired Solutions to Water-Energy Nexus Challenges, Arizona State University, Tempe, Arizona, November 15, 2016.

Invited Lecture, "Design Exploration," Graduate Seminar, Zhejiang University of Technology, Hangzhou, People's Republic of China, November 2, 2016.

Invited Lecture, "Teaching Students to Create Desirable and Transferable Designs in Engineering," Faculty Development Seminar, Zhejiang University of Technology, Hangzhou, People's Republic of China, November 2, 2016.

Invited Lecture, "Elusive Impact: Lessons in Engineering for Global Development and Design for the Developing World," Graduate Seminar, Portland State University, Portland, Oregon, October 28, 2016.

Invited Lecture, "Why Design Simultaneously Unites and Divides Us," BYU Creativity, Innovation, and Design Lecture Series, Brigham Young University, Provo, Utah, September 22, 2016.

Invited Lecture, "Failing to Succeed: Lessons in Engineering for Global Development," Tata Proseminar, Massachusetts Institute of Technology, Cambridge, Massachusetts, November 19, 2015.

Invited Lecture, "A Different Perspective on Engineering for Global Development," Global Engineering Guest Lecturer, Massachusetts Institute of Technology, Cambridge, Massachusetts, November 18, 2015.

Invited Lecture, "Why Design Simultaneously Unites and Divides Us," Public Lecture, Loughborough University, Loughborough, England, UK, June 24, 2015.

Invited Presentation, "Interdisciplinary Education," School of Business and Economics, Loughborough University, Loughborough, England, UK, June 24, 2015.

Invited Lecture, "A Unique Design Process Taught to Engineering Students in the United States," Wolfson School of Mechanical and Manufacturing Engineering, Loughborough University, Loughborough, England, UK, June 17, 2015.

Invited Lecture, "Living and Working Abroad," Global Leadership Seminar, Brigham Young University Study Abroad Program for Engineers, London, England, UK, May 14, 2015.

Invited Lecture, "Handling Trade-offs in Engineering Design," School of Engineering Research Seminar, Queen Mary University of London, London, England, UK, April 29, 2015.

Invited Lecture, "Beyond the Build," Ben C. Sparks Award Lecture (given with Prof. Carl Sorensen), ASME International Mechanical Engineering Education Leadership Summit, Newport Beach, California, March 13, 2015.

Invited Lecture, "Towards Multi-criteria Tradeoff Exploration in Sustainable Design," Department Seminar, Department of Mechanical Engineering, University of Bath, Bath, England, UK, February 17, 2015.

Invited Lecture, "Lessons in Designing for Emerging Markets," Sustainable Design Module, Loughborough Design School, Loughborough, England, UK, December 2, 2014.

Invited Lightning Talk, "What Doesn't Work: Lessons in Trying to Design for the Developing World," Engineering for Global Development Impact Forum, ASME Advanced Design and Manufacturing Impact Forum, Buffalo, NY, August 20, 2014.

Invited Lecture, "Design Exploration," Stanford University, Stanford, California, January 15, 2014.

Invited Lecture, "9 Principles for Design for the Developing World," Intellectual Ventures (invited by the *Global Good* division), Bellevue, Washington, September 25, 2013.

Invited Lecture, "Inclusion Social: Ingeniera en un Mundo Globalizado" (Social Inclusion: Engineering in a Globalized World), Universidad Nacional de Piura, Piura, Peru, May 24, 2013.

Invited Lecture, "Inclusion Social: Ingeniera en un Mundo Globalizado" (Social Inclusion: Engineering in a Globalized World), Universidad Privada Juan Meja Baca, Chiclayo, Peru, May 28, 2013.

Invited Lecture, "Design for the Developing World," TEDx, Provo, Utah, March 22, 2012. www.youtube.com/watch?v=6wbuvdAe6Yg

Invited Lecture, "Design Thinking," Graduate Seminar, Brigham Young University, Provo, Utah, Nov. 2011.

Invited Lecture, "Characteristics of Innovators," Invented In Utah Symposium, South Jordan, Utah, October 14, 2010.

Invited Lecture, "Characteristics of Innovators," Rocketship Design, Provo, Utah, December 22, 2009.

Invited Lecture, "Multi-objective Optimization using the Normal Constraint Method," Operations Research Colloquium at The Pennsylvania State University, March 18, 2008.

Invited Lecture, "Multi-objective Optimization Based Concept Selection Using s-Pareto Frontiers," Brigham Young University, Provo, Utah, Mar. 23, 2006.

Invited Lecture, "Product Development: Methods for Concept Selection," South China University of Technology, Guangzhou, Guangdong, China, Nov. 25, 2005.

Invited Lecture, "Decision Making in Engineering Design & Product Development," South China University of Technology, Guangzhou, Guangdong, China, Feb. 25, 2005.

Invited Lecture, "Applications of s-Pareto Frontiers in Engineering Design," Xian University of Technology, Xian, Shaanxi, China, Nov. 25, 2004.

Invited Lecture, "Multidisciplinary Design and Optimization," ATL Technology LTD., May 2003.

Invited Lecture, "Pareto Based Concept Selection," ATL Technology LTD., May 2002.

International Experience

Study Abroad Director, (Co-directed with Prof. John Salmon, Mechanical Engineering, BYU), Global Product Development (Me En 579), USA, Italy, Sweden, April-May 2022.

Research Director, Agricultural Mechanization Research Field Trip, Brazil, Mar 2022.

Study Abroad Director, (Co-directed with Prof. John Salmon, Mechanical Engineering, BYU), Global Product Development (Me En 579), USA, Mexico, Panama, Costa Rica, Peru, and Brazil, April-May 2020. Planned, but ultimately cancelled due to COVID-19.

Research Director, Agricultural Mechanization Research Field Trip, Brazil, Feb 2020.

Research Director, Agricultural Social Impacts Research Field Trip, Brazil, May 2019.

Research Director, Sensor System Project Field Trip, Uganda, July 2018.

Study Abroad Director, (Co-directed with Prof. John Salmon, Mechanical Engineering, BYU), Global Product Development (Me En 579), USA, Panama, Chile, Argentina, and Brazil, April-May 2018.

Academic Lead, Interdisciplinary Projects Field Trip (Entrepreneurship, Public Health, Engineering), Cambodia, November 2017.

Research Director, Social Impacts Research and Sensor Project Field Trip, Brazil, June 2017.

Study Abroad Director, (Co-directed with Prof. Spencer Magleby, College of Engineering and Technology, BYU), Global Product Development (Me En 579), USA, The Netherlands, Hungary, Austria, and Czech Republic, April-May 2016.

Fulbright Scholar (sabbatical), Loughborough University, Loughborough, England, July 2014–July 2015 (continuous).

Study Abroad Director, (Co-directed with Prof. Spencer Magleby, College of Engineering and Technology, BYU), Global Product Development (Me En 579), USA, Spain, Italy, Romania, Greece, April-May 2014.

Research Director, Production Ramp up Research Field Trip, Brazil, March 2014.

Research Director, Mid-Product Development Research Field Trip, Brazil, November 2013.

Research Director, Ethnographic Research Field Trip, Brazil, June 2013.

Research Director, Ethnographic Research Field Trip, Peru, May 2013.

Research Director, Product Testing Field Trip, Peru, June 2012.

Study Abroad Director, (Co-directed with Prof. Spencer Magleby, College of Engineering and Technology, BYU), Global Product Development (Me En 579), USA, Denmark, Sweden, Lithuania, Latvia, Estonia, Finland, and Russia, April-May 2012.

Study Abroad Director, Human Powered Water Well Drill Field Testing (Part of BYU Capstone), Tanzania, May 2011.

Study Abroad Co-Director (with Prof. Randy Lewis, Chemical Engineering, BYU), Global Engineering Outreach (GEO), Peru, April-May 2011.

Study Abroad Director, Global Product Development (Me En 579), USA, England, Luxembourg, France, Czech Republic, Hungary, May 2010.

Study Abroad Co-Director (with Prof. Robert H. Todd, Mechanical Engineering, BYU), Global Product Development (Me En 579), USA, England, France, Luxembourg, Germany, Czech Republic, Poland, Slovakia, Hungary, May 2008.

Global Director of Engineering and Research (ATL Technology), Established and managed engineering design center, China 2004-2005 (continuous).

Missionary for the Church of Jesus Christ of Latter-day Saints, Lived among and served people in Amazon region, Brazil 1994-1996 (continuous).

Patents

1. "Hand Power Tool and Drive Train," Mattson, C. A., Campbell, R., Davis, C., Olligschlager, D., Solomon, B., and Wilding, S., Patent Number US 10,052,749 B2. Issued August 21, 2018.

2. "Hand Tool Impacting Device with Floating Pin Mechanism," Mattson, C. A., Allred, J., Alsup, J., Anderson, T., Christensen, D., Morrise, J., and Ward, J., Patent Number US 9,102,046 B2, issued August 11, 2015.

3. "Tension Locking Tool (continuation)," Mattson, C. A., Winder, B. G., Mackay, A. B., Jacobsen, J. O., Halverson, P. A., Frazer, S., Patent Number US 9,085,066 B2, issued July 21, 2015.

4. "Hand Power Tool and Drive Train," Mattson, C. A., Campbell, R., Davis, C., Olligschlager, D., Solomon, B., and Wilding, S., Patent Number US 9,038,745 B2, issued May 26, 2015.

5. "Tension Locking Tool," Mattson, C. A., Winder, B. G., Mackay, A. B., Jacobsen, J. O., Halverson, P. A., Frazer, S., Patent Number US 7,793,570 B2, issued September 14, 2010.

6. "Constant Force Apparatus and Method," Weight, B. A., Mattson, C. A., Magleby, S. P., and Howell, L. L., Patent Number US 6,945,800 B2, issued September 20, 2005.

7. "Tracked Bicycle," Cheney, D., Magleby, S. P., Moulton, A., Mattson, C. A., Lasson, C., Larsen, R., Larson, K., Bennion, R., Norby, E., and Evans G., Patent Number US 6,663,117 B2, issued December 16, 2003.

Licensing Agreements

"Tension Locking Tool," Mattson, C. A., Winder, B. G., Mackay, A. B., Jacobsen, J. O., Halverson, P. A., Frazer, S., Patent Number 7,793,570, licensed to SOG Speciality Knives and Tools, LLC.

"Constant Force Apparatus and Method," Weight, B. A., Mattson, C. A., Magleby, S. P., and Howell, L. L., Patent Number 6,945,800, licensed to ATL Technology, LLC.

External Research Grants

Current Grants

Air Force Academy, $667,374, 9/2021 to 8/2025, "Effective Use of Product Architecture to Help Engineering Teams Manage Complexity in the Design Process," Mattson, C. A., (PI) and Sorensen, C. D., (co-PI).

Completed Grants

National Science Foundation (NSF), $490,584, 9/2018 to 8/2022, "Creating and Using Social Impact Models for Engineered Products," Mattson, C. A. and Dahlin, E. (co-PI sociology).

Air Force Academy, $439,472, 10/2017 to 7/2021, "Promoting Desirability and Transferability in Engineering Design through Customized Development Processes," Mattson, C. A., (PI) and Sorensen, C. D., (co-PI).

National Science Foundation (NSF), $199,991, 5/2016 to 4/2018, "EAGER: Social Impact Modeling for Engineered Products," Mattson, C. A., (PI) and Dahlin, E., (co-PI).

National Science Foundation (NSF), $409,923, 5/2013 to 4/2017, "Collaborative Research: Mitigating Emergent System Behavior through System Evolvability," Ferguson, S. (PI), Mattson, C. A., (Co-PI).

National Science Foundation (NSF), $412,000, 1/2010 to 12/2014, "CAREER: Design Strategies to Benefit from the Profit-by-Poverty-Alleviation Paradigm," Mattson, C. A., (PI).

Air Force Office of Scientific Research (AFOSR), $60,000, 9/2011 to 4/2014, "University Engineering Design Challenge," Mattson, C. A., (PI), and McLain T. W., (Co-PI).

Air Force Office of Scientific Research (AFOSR), $309,445, 9/2010 to 8/2013, "Experimental and Computational Analysis of Intermittent Flapping Flight," Thomson, S.T. (PI), Colton, M. B., (Co-PI), and Mattson, C. A., (Co-PI).

FEI Company, $120,000, 10/2008 to 9/2011, "Focused Ion Beam Subsystem Multidisciplinary Modeling and Optimization," Mattson, C. A., (PI).

National Science Foundation (NSF), $389,076, 7/2008 to 6/2011, "A Framework for Maintaining Product Superiority by Designing Hardware that Protects Itself from Reverse Engineering," Mattson, C. A., (PI), Adams, B. L., (Co-PI).

National Science Foundation (NSF), $24,000, 7/2008 to 6/2011, "Supplement for Undergraduate Research Opportunity: A Framework for Maintaining Product Superiority by Designing Hardware that Protects Itself from Reverse Engineering," Mattson, C. A., (PI), Adams, B. L., (Co-PI).

Professional Activities

Journal Editorships

Associate Editor, Journal of Mechanical Design, ASME, 2013 – 2019.

Associate Editor, Structural and Multidisciplinary Optimization Journal, Springer, 2006 – 2014.

Professional Committee Service

Co-Chair, ASME Engineering for Global Development Committee (society wide committee), 2020-Present.

Chair, ASME Design Automation Technical Committee (DAC), 2019.

Executive Committee Member, ASME Design Automation Committee (DAC) Technical Committee, 2015 - 2020

Member, ASME/IEEE Engineering for Change (E4C), EGD101 Steering Committee, 2015 - 2017.

Sub-Committee Member, ASME Engineering for Global Development Research Committee, 2014 - 2019.

Member, AIAA Multidisciplinary Design Optimization Technical Committee (MDO TC), 2003 - 2015.

Member, Fulbright Scholar Peer Review Discipline Committee, Mechanical Engineering, Council for International Exchange of Scholars, Institute of International Education, 2016 - 2019.

Conference Organization

Conference Chair, 44th Design Automation Conference (DAC), Quebec City, Quebec, Canada, Aug. 26-29, 2018.

Technical Program Chair, 43rd Design Automation Conference (DAC), Cleveland, Ohio, Aug. 6-9, 2017.

General Chair, 7th AIAA MDO Specialists Conference, Denver, Colorado, Apr. 4-7, 2011.

Technical Program Chair, 14th AIAA/ISSMO Multidisciplinary Analysis and Optimization Conference, 2012.

Technical Program Chair, 6th AIAA MDO Specialists Conference, Orlando, Florida, Apr. 12-15, 2010.

Professional Affiliations

Fellow (2020) and Member, American Society of Mechanical Engineering (ASME), 1998 - Present.

Senior Member, American Institute of Aeronautics and Astronautics (AIAA), 2011 - Present.

Member, American Institute of Aeronautics and Astronautics (AIAA), 2001 - 2011.

Member, The Design Society, 2018 - Present.

Member, Sigma Xi, Scientific Research Honor Society, 2001 - 2021.

Member, American Society of Engineering Education (ASEE), 2007 - 2009.

Journal Paper Reviews

Manuscript Reviewer, ASME Journal of Mechanical Design, 2006, 2007, 2008, 2009, 2010, 2011, 2012, 2013, 2014, 2015, 2016, 2017, 2018, 2019, 2020, 2021, 2022.

Manuscript Reviewer, Structural and Multidisciplinary Optimization, 2003, 2006, 2007, 2008, 2009, 2010, 2011, 2012, 2013, 2014, 2015.

Manuscript Reviewer, Development Engineering, 2019, 2020, 2021.

Research in Engineering Design, 2021, 2022.

Manuscript Reviewer, AIAA Journal 2001, 2002, 2003, 2006, 2011, 2012.

Manuscript Reviewer, Engineering Optimization, 2008, 2011, 2012.

Manuscript Reviewer, Journal of Engineering, Design and Technology, 2011, 2012.

Manuscript Reviewer, Energy for Sustainable Development, 2017.

Manuscript Reviewer, Computer-Aided Design, 2011.

Manuscript Reviewer, International Journal of Product Development, 2007.

Manuscript Reviewer, European Journal of Operations Research, 2006.

Manuscript Reviewer, Inverse Problems in Science and Engineering, 2004.

Manuscript Reviewer, Optimization in Engineering OPTE, 2002.

University Service

University Assignments

Steering Committee Member, Center for European Studies, 2014 – 2016.

ORCA Grant Reviewer (2007, 2012, 2015, 2017). Reviewed undergraduate student research proposals for the BYU ORCA Grant program.

Department Service

Member of Advancement in Rank Committee, Aug. 2021 – Present.

Club Advisor, BYU Engineering Design Club, 2019 – Present.

Member of Ph.D. Design Qualifying Exam Committee, 2009 – Present.

Chair of Department External Relations Committee, Aug. 2019 – Aug. 2021.

Member of Faculty Search Committee, Aug. 2015 – July 2019.

Member of Hallway Graphics Committee for BYU Engineering Building, 2018.

Chair of Department External Relations Committee, Aug. 2011 – July 2014.

Member of Department External Relations Committee, Dec. 2008 – Aug. 2011.

Member of Department ABET (Accreditation) Committee, Aug. 2007 – Aug. 2008.

Member of Ph.D. Strength of Materials Qualifying Exam Committee, Jan. 2007 – 2009.

Design and Innovation Presenter in New Student Seminar (Me En 191), Oct. 2007, Feb. 2008, Oct. 2008, Feb 2009, Oct. 2009, Feb. 2010, Oct. 2010, Feb. 2011, Oct 2011, Feb. 2012, Oct. 2012, Feb. 2013, Oct. 2013, Oct. 2015, Feb. 2016, Oct. 2016, Mar. 2017, Oct 2017, Mar. 2018, Oct. 2018, Mar. 2019, Oct. 2019, Mar. 2020, Oct. 2020, Mar. 2021, Oct. 2020, Mar. 2022, Oct. 2022.

Presenter in Graduate Student Seminar, Oct. 2007, Nov. 2009, Oct. 2011, Nov. 2015.

Oversight of upgrade of room in 230 CB (Mechanical Engineering Department modular team and individual teaching room), Jan. 2008–2012.

Student Advisement

Ph.D. Students Advised

Stevenson, Phillip, "Methods for Engineers to Understand, Predict, and Influence the Social Impacts of Engineered Products," **Ph.D.** Dissertation, December 2022, Brigham Young University.

Stringham, Bryan, "Principles for Using Remote Data Collection Devices and Deep Learning in Evaluating Social Impact Indicators of Engineered Products for Global Development," **Ph.D.** Dissertation, December 2022, Brigham Young University.

Ottosson, Hans, "Considering Social Impact when Engineering for Global Development," **Ph.D.** Dissertation, August 2021, Brigham Young University.

Wood, Amy, "Principles and Insights for Design for the Developing World," **Ph.D.** Dissertation, April 2017, Brigham Young University.

Allen, Jeffery, "Evolvability and Excess Capability as a Response to Uncertain and Future Requirements," **Ph.D.** Dissertation, December 2016, Brigham Young University.

Lewis, Patrick, "An Optimization-Based Method of Traversing Dynamic s-Pareto Frontiers," **Ph.D.** Dissertation, December 2012, Brigham Young University.

Larson, Brad, "Mathematical Framework for Early System Design Validation Using Multidisciplinary System Models," **Ph.D.** Dissertation, April 2012, Brigham Young University.

Harston, Stephen, "A Methodology for Designing Product Components with Built-in Barriers to Reverse Engineering," **Ph.D.** Dissertation, Brigham Young University, April 2012.

Current Graduate Students

Mabey, Christopher, Ph.D., Thesis in process, (expected completion 2023), Brigham Young University.

Rice, Scott, Ph.D., Thesis in process, (expected completion 2025), Brigham Young University.

McKinnon, Samuel, Ph.D., Thesis in progress, (expected completion 2027), Brigham Young University.

Humphrey, Tyson, M.S., Thesis in progress, (expected completion 2025), Brigham Young University.

Graduate Students Advised

Owens, Trent, "A Formal Consideration of User Tactics During Product Evaluation in Early-Stage Product Development," M.S., Brigham Young University, 2022.

Andrew Armstrong, "Classification and Creation of Design Tools and Methods for Social Impact Considerations in Engineering for Global Development," M.S., Brigham Young University, 2022.

Stapleton, Tyler, "Technology and Tactics as Dimensions of Design: Explicit Representation of User Actions in the Product Design Space," M.S., Brigham Young University, 2020.

Smith, Danny, "Identifying High-Potential Work Areas in Engineering for Global Development: Linking Industry Sectors to the Human Development Index," M.S., Brigham Young University, 2020.

Pack, Andrew, "A Discovery of Social Impact Categories for the Sustainable Design of Engineered Products and their Consideration by Industry Professionals," M.S., Brigham Young University, 2019.

Stevenson, Phillip, "Methods and Metrics to Measure and Predict the Social Impact of Engineered Products," M.S., Brigham Young University, 2018.

Undergraduate Research Students Advised

Spencer Fisher, worked on generic code to evaluate Village Drill Impacts globally.

Joshua Kelley, worked to develop economic impact factors for engineered products.

Thomas Gielman, co-authored a conference paper.

Joshua Cook, co-authored a conference paper.

Benjamin Sannar, co-authored a conference paper.

Samuel McKinnon, co-authored a conference paper.

Holland Tanner, supporting the development of a mechanisms glossary.

Estee Rivel, supporting the development of a mechanisms glossary.

Emily Jolley, supporting the development of a mechanisms glossary.

Joseph Liechty, supporting hardware development for a field trip.

Juan Cuevas, supporting hardware development for a field trip.

Clare Lore, supporting hardware development for a field trip.

Gabriel Johnson, co-authored multiple conference papers, and a journal paper.

Marin Fisher, co-authored conference and journal papers, supporting hardware development for a field trip.

Andrew Armstrong, co authored conference and journal paper.

Jake Hunter, co authored conference and journal paper

Barger, McCall, co authored conference and journal paper.

Hirschi, Emma, co authored a conference paper.

Beard, Justin, contributed to a grant proposal.

Noorda, Gerrit, contributed to a field study.

Arnett, Pierce, Contributed to African field study in Rwanda and in the development of a neonatal ventilator.

Smith, Danny, Co-authored a conference paper. Current working at a National Lab.

Christensen, Abigail – Currently employed by Ford Motor Company.

Hancock, Braden, B.S. Honors Thesis: "L-Dominance: An Approximate-Domination Mechanism for Adaptive Resolution Pareto Frontiers". Co authored four journal papers. Later earned PhD from Stanford.

Nysetvold, Tim – Co-authored journal paper in the area of multiobjective optimization. Currently working in industry.

Thacker, Kendall – Co-Authored paper in the area of cookstove design. Currently working in industry.

Wood, Charles – Co-Authored conference and journal paper in the area of design for the developing world. Participated in multiple field studies. Currently working in industry.

Francis, Kevin – Co-Authored paper in the area of developing barriers to reverse engineering using topology optimization. Received MS from Brigham Young University.

Halgren, Kyle – Helped with the design and construction of a modular pump to support a research project. Currently employed by Ford Motor Company.

Koecher, Michael – Co-authored publication as an undergraduate. Received MS degree from Brigham Young University.

Prasai, Dikshya – Co-authored publication as an undergraduate.

Wasley, Nicholas – Helped with proposal writing, and eventually earn an M.S. degree at Brigham Young University.

Murray, Vance – Co-authored publication as an undergraduate and helped with proposal writing. Vance earned an MS degree from Purdue University.

Curtis, Shane – Received ORCA Grant, co-authored publication as an undergraduate and pursued an M.S. degree at Brigham Young University in Mechanical Engineering.

Boyce, Nathan – Received ORCA Grant, co-authored publication as an undergraduate, earned an M.S. degree from Air Force Institute of Technology.

Harston, Stephen – Received ORCA Grant, co-authored multiple publications, completed MS and PhD in Mechanical Engineering at BYU and is currently an engineer for Global Good a division of Intellectual Ventures.

Bowman, K. Eric – Co-authored publication as undergraduate, completed M.S. degree at Brigham Young University. Eric earned a PhD in Mechanical Engineering.

Carlson, Owen – Helped in preparing research proposal. Earned graduate degree at Hong Kong University.

Visiting Scholars

Dr. Hong Jia (second visit), Associate Professor of Mechanical Engineering, Zhejiang University of Technology, China. Visiting scholar researching engineering design, 2/2018 – 2/2019.

Mr. Xing Zhong, Lecturer, Jiangsu Polytechnic College of Agriculture and Forestry, China. Visiting scholar researching machine design of agricultural products for emerging markets, 9/2016 – 1/2017.

Dr. Hong Jia (first visit), Associate Professor of Mechanical Engineering, Zhejiang University of Technology, China. Visiting scholar researching engineering design, 9/2015 – 1/2016.

Courses Taught

Mechanical Engineering Courses

Me En 579, Global Product Development (Graduate Class)

Me En 576, Product Design (Graduate Class)

Me En 495, Advanced Innovation and Entrepreneurship for Crocker Fellows

Me En 497, Fundamentals of Innovation and Entrepreneurship for Crocker Fellows

Me En 476, Integrated Product and Process Design 2

Me En 475, Integrated Product and Process Design 1

Me En 373, Introduction to Scientific Computing and Computer-Aided Engineering

Me En 372, Mechanical Systems Design Fundamentals

Me En 272, Engineering Graphics

International Study Abroad Directorships

Study Abroad Director, (Co-directed with Prof. John Salmon, Mechanical Engineering, BYU), Global Product Development (Me En 579), USA, Denmark, Sweden, Lithuania, Latvia, Estonia, Finland, April-May 2022.

Study Abroad Director, (Co-directed with Prof. John Salmon, Mechanical Engineering, BYU), Global Product Development (Me En 579), USA, Mexico, Panama, Costa Rica, Peru, and Brazil, April-May 2020. Planned, but ultimately cancelled due to COVID-19.

Study Abroad Director, (Co-directed with Prof. John Salmon, Mechanical Engineering, BYU), Global Product Development (Me En 579), USA, Panama, Chile, Argentina, and Brazil, April-May 2018.

Study Abroad Director, (Co-directed with Prof. Spencer Magleby, College of Engineering and Technology, BYU), Global Product Development (Me En 579), USA, The Netherlands, Hungary, Austria, and Czech Republic, April-May 2016.

Study Abroad Director, (Co-directed with Prof. Spencer Magleby, College of Engineering and Technology, BYU), Global Product Development (Me En 579), USA, Spain, Italy, Romania, Greece, April-May 2014.

Director (Co-directed with Prof. Spencer Magleby, College of Engineering and Technology, BYU), Global Product Development (Me En 579), USA, Denmark, Sweden, Lithuania, Latvia, Estonia, Finland, and Russia, April-May 2012.

Director, Human Powered Water Well Drill Field Testing (Part of BYU Capstone), Tanzania, May 2011.

Co-Director (with Prof. Randy Lewis, Chemical Engineering, BYU), Global Engineering Outreach (GEO), Peru, April-May 2011.

Director, Global Product Development (Me En 579), USA, England, Luxembourg, France, Czech Republic, Hungary, May 2010.

Co-Director (with Prof. Robert H. Todd, Mechanical Engineering, BYU), Global Product Development (Me En 579), USA, England, France, Luxembourg, German, Czech Republic, Poland, Slovakia, Hungary, May 2008.

Community Service

Co-Founder (with Prof. John Salmon), "The BYU Design Review," Brigham Young University, Provo, UT, 11 Sep. 2019, `http://www.designreview.byu.edu`,

Contributor (frequent), "The BYU Design Review," Brigham Young University, Provo, UT, http://www.designreview.byu.edu,

Guest Speaker, "Be An Engineer," Centennial Middle School, Provo, UT, 3 March 2016.

Guest Speaker, "7 Ways to Become a Better Designer," Rawlins Academy (High School), Quorn, England, UK, 16 June 2015.

External Advisor Board Member, WHOlives (local non-profit organization focused on clean water in developing countries), South Jordan, Utah, 2019 - Present.

External Advisor Board Member, Rocketship (local product design firm), Provo, Utah, 2009 - 2019.

External Advisor Board Member, ATL Technology (global high tech company, headquartered locally), Springville, Utah, 2006 - 2017.

Troop Committee Chairman, Boy Scouts of America, Troop 747, Utah National Parks Council, 2015 - 2018.

Scoutmaster, Boy Scouts of America, Troop 747, Utah National Parks Council, 2007 - 2012.

Assistant Scoutmaster, Boy Scouts of America, Troop 84, Twin Rivers Council - Upstate New York, 2001 - 2004.

Full time Missionary, The Church of Jesus Christ of Latter-day Saints, Mission Manaus (Amazonas) Brazil. Served as District Leader, Zone Leader, and Assistant to the Mission President, May 1994-May 1996.

Published Article "The American Experience" 4 July 1996, Page F01, Contra Costa Times (San Francisco Bay Area Newspaper).

Chair, BYUSA (BYU Student Service Association) Homecoming Fireside (Devotional) Committee, Brigham Young University, 1993.
