Summary:

A documentary on the issue of depleting water supply. It documents how and why we are losing our natural water supply and the politics behind water ownership. In addition to using too much water, we are polluting it. The issue of depleting water supply is already upon us and we need to act now.

Vocabulary:

Dehydration (Noun) –when you lose a lot of water from your body.

Ex) Not drinking water will lead to dehydration.

Hallucination (Noun) – When you see or hear things that aren't really there.

Ex) After many days in the desert without water, Pablo experienced hallucinations.

Scarcity (Noun)– a situation in which there is not enough of something

Ex) With the increasing scarcity of water, we will be facing huge problems as people insist on a clean water source.

Depletion (Noun) – the use of a resource faster than it can be replenished.

Ex) The salmon population has experienced a severe depletion recently, a company keeps harvesting it for sushi.

Reservoir (Noun) – a place where water is collected and stored.

Ex) The town used all the water in their reservoirs after the flood.
