Welcome to the

Physics Major

in the College of Physical and Mathematical Sciences

College Advisement Center
Website: https://science.byu.edu/advisement
Email: science.math.advisement@byu.edu
Phone: 801-422-2674
Office: N-181 ESC

Physics & Astronomy Department
Website: physics.byu.edu
Email: physics_office@byu.edu
Phone: 801-422-4361
Office: N-284 ES
See physics.byu.edu/undergraduate/advising

Faculty Advisor – until you have a faculty research mentor, you must meet annually to discuss career and academic options with the faculty advisor assigned to you based on the last two digits of your BYU ID:

- 00-24: David Allred, allred@byu.edu (801) 422-3489, N-265 ESC
- 25-49: Grant Hart, grant_hart@byu.edu (801) 422-6162, N-357 ESC
- 50-74:  David Neilsen, david.neilsen@byu.edu, (801) 422-6078, N-147 ESC
- 75-99:  Jean-Francois Van Huele, vanhuele@byu.edu, (801) 422-4481, N-235 ESC

Deadlines to meet with Faculty Advisors each year (based on the last digit of your student number):

<table>
<thead>
<tr>
<th>0 or 1</th>
<th>2 or 3</th>
<th>4 or 5</th>
<th>6 or 7</th>
<th>8 or 9</th>
</tr>
</thead>
<tbody>
<tr>
<td>October 31</td>
<td>November 30</td>
<td>January 31</td>
<td>February 28</td>
<td>March 31</td>
</tr>
</tbody>
</table>

Internship Coordinator – David Allred
Email: allred@byu.edu
Phone: 801-422-3489
Office: N265 ESC

University Career Services – Anna Kennington
Website: careers.byu.edu (Handshake--see flyer in packet)
Email: anna.kennington@byu.edu
Phone: 801-422-5944
Office: C-106 BNSN

STEM Alliance--Connect with STEM employers, mentors, and clubs: www.stem.byu.edu

Clubs
Acoustical Society of America – Contact: Micah Shepherd (shep@physics.byu.edu), visit www.acoustics.byu.edu/asa-student-chapter for more information
BYU Astronomical Society – Contact: Benjamin Boizelle (boizellb@byu.edu), visit www.physics.byu.edu/clubs/astrosoc/home for more information
Society of Physics Students – Contact: Benjamin Frandsen (benfrandsen@byu.edu), visit www.sps.byu.edu/sps-home for more information
Learning outcomes can be found here: https://learningoutcomes.byu.edu/Courses/program-courses/694821/Physics+BS+/1328
Things to Know

Resources for Graduation Planning

- Flow Charts and Major Academic Plans (MAPs) can be found here: https://science.byu.edu/advisement/explore-majors-and-minors.
- Academic advisors in N-181 ESC will help you understand course sequencing and help you plan classes to efficiently fill requirements. They can also help you with study skills and initial career exploration as well as connecting you with correct resources.
- Plan and register from your plan on MyMAP. Your academic advisor can help you understand how to best utilize this resource.
- Evaluate your current program. Periodically major programs are updated. An academic advisor would be happy to review the differences between the programs with you to help you determine what would be best for you.
- Consider meeting with a faculty advisor in your department. Contact info is found on the first page of this packet.

Tutoring Resources and Research

- Volunteer peer tutors are available through Y Serve if you need help with a class. Also, if you excel in a subject, consider serving your fellow students by becoming a tutor. Find out more here: https://tutoring.byu.edu/.
- Many departments provide TA Tutorial Labs and research opportunities. Check your department for details:
  - Chemistry and Biochemistry: C-100 BNSN, 801-422-3667, https://www.chem.byu.edu/
  - Computer Science: 3361 TMCB, 801-422-3027, csoffice@cs.byu.edu
  - Geological Sciences: S-389 ESC, 801-422-3918, geology@byu.edu
  - Mathematics: 275 TMCB, 801-422-2061, office@mathematics.byu.edu
  - Mathematics Education: 167 TMCB, 801-422-1735, office@mathed.byu.edu
  - Physics and Astronomy: N-283 ESC, 801-422-4361, physics_office@byu.edu
  - Statistics: 2152 WVB, 801-422-4505, statsec@stat.byu.edu

Prepare Early for a Career

- Check out Careers & Experiential Learning in 1134 WSC and at https://ucs.byu.edu/.
- Consider doing an internship.
  - Attend the STEM and Career Fairs held in fall and winter semesters.
  - Talk to your department about internship opportunities.
  - Use LinkedIn and Handshake (see flyer in this packet) to connect with alumni and apply for jobs/internships. BYU Connect is another great resource for networking (connect.byu.edu).
  - Talk with the college Career Director who can help you search for internships as well as assist you with many other career related strategies (see first page of this packet).
- Consider taking StDev 317 (Career Strategies) your junior year.
- Consider taking either Chem 502, CS 502, Geol 502, Math 502, PHSCS 502, or STAT 502 (1-credit Job Search Class). Class is held for 1 hour each week.
BS in Physics (694821) MAP Sheet
Physical and Mathematical Sciences, Physics and Astronomy
For students entering the degree program during the 2023-2024 curricular year.

| **Graduation Requirements:**                  | **JUNIOR YEAR**                 |
| Minimum residence hours required             | 5th Semester                    |
| Minimum hours needed to graduate             |                                  |

Note: Students are encouraged to complete an average of 15 credit hours each semester or 30 credit hours each year, which could include spring and/or summer terms. Taking fewer credits substantially increases the cost and the number of semesters to graduate.
program requirements

no more than 3 hours of d credit is allowed in major courses.

requirement 1 — complete 19 courses

note: phscs 191 should be taken the first semester as a freshman. phscs 291 should be taken the first semester as a sophomore.

CS 111 - Intro to Computer Science 3.0
MATH 113 - Calculus 2.0
PHSCS 121 - Intro to Newtonian Mechanics 3.0
PHSCS 123 - Intro to Waves, Optics, Thermo 3.0
PHSCS 191 - Intro Phscs Careers & Rrch 1 0.5
PHSCS 220 - Intro Electricity & Magnetism 3.0
PHSCS 222 - Modern Physics 3.0
PHSCS 225 - Intro to Experimental Physics 2.0
PHSCS 230 - Computational Physics Lab 1 1.0
PHSCS 240 - Dsgn, Fabricatn, Sci Apparatus 2.0
PHSCS 245 - Experiments in Contemp Phscs 2.0
PHSCS 291 - Intro Phscs Careers & Rrch 2 0.5
PHSCS 318 - Intro Math Physics 3.0
PHSCS 321 - Mechanics 3.0
PHSCS 330 - Computational Physics Lab 2 1.0
PHSCS 360 - Statistical & Thermal Physics 3.0
PHSCS 430 - Computational Physics Lab 3 1.0
PHSCS 441 - Electricity & Magnetism 3.0
PHSCS 451 - Quantum Mechanics 3.0
requirement 2 — complete 2 of 3 courses

PHSCS 442 - Electrodyamics 3.0
PHSCS 452 - Appl Quantum Mechanics 3.0
PHSCS 471 - Principles of Optics 3.0
requirement 3 — complete 1 of 6 courses

PHSCS 442 - Electrodyamics 3.0
PHSCS 452 - Appl Quantum Mechanics 3.0
PHSCS 461 - Introduction to Acoustics 3.0
PHSCS 471 - Principles of Optics 3.0
PHSCS 530 - Computational Physics 3.0
PHSCS 581 - Solid State Physics 3.0
requirement 4 — complete 1 of 2 options

Option 4.1 — complete 2 courses
MATH 302 - Math for Engr 1 4.0
MATH 303 - Math for Engineering 2 4.0
Option 4.2 — complete 4 courses
MATH 213 - Elementary Linear Algebra 2.0
MATH 215 - Computational Linear Algebra 1.0
MATH 314 - Calculus of Several Variables 3.0
MATH 334 - Intro to Computer Science 3.0

requirement 5 — complete 1 requirement

senior thesis: complete a senior thesis, including the following:
A. Choose a research mentor and group as early as possible, starting with information in phscs 191 and 291, and discussion with faculty, your advisor and senior thesis coordinator. it is best to start as a freshman or sophomore. interdisciplinary work in other departments or in internships is possible.

requirement 5.1 — complete 2 hours

A. PHSCS 498R - Senior Thesis - You may take up to 2.0 credit hours 0.5v

requirement 6 — obtain confirmation from your advisement center that you have completed the following:

Students are required to take the Physics "Major Field Test" the last semester before they graduate. the test is a standardized assessment of undergraduate physics written by ETS (educational testing service). the ETS website contains a description of the exam and sample problems: http://www.ets.org/mft/about/content/physics. results of the exam do not appear on the transcript or affect the GPA. students should contact the physics undergraduate secretary to make arrangements for taking the exam; typically it’s done in the testing center before mid-semester.

note 1: students planning careers in experimental, applied, or industrial physics should complete Stat 201.

Note 2: All students will benefit, through courses or individual study, by learning programming skills and numerical methods beyond what you are taught in CS 111 and our computational physics courses. Consider the following: CS courses, Math 410, Me En 373.

Note 3: Students planning graduate school in physics should learn complex analysis. Consider the following: Math 332, Phscs 601, 602.

the discipline:

Over the centuries physicists and astronomers have studied the fundamental principles that govern the structure and dynamics of matter and energy in the physical world, from subatomic particles to the cosmos. Physicists also apply this understanding to the development of new technologies. For example, physicists invented the first lasers and semiconductor electronic devices.

Physics and astronomy students learn to approach complex problems in science and technology from a broad background in mechanics, electricity and magnetism, statistical and thermal physics, quantum mechanics, relativity, and optics. The tools they develop at BYU include problem solving by mathematical and computational modeling, as well as experimental discovery and analysis. All students gain professional experience in a research, capstone, or internship project, usually in close association with faculty. Together these experiences can provide excellent preparation for employment or for graduate studies in physics, other sciences, engineering, medicine, law, or business.

Most physicists and astronomers work in research and development in industrial, government, or university labs to solve new problems in technology and science. They also share the beauty discovered in our physical universe by teaching in high schools, colleges, and universities.

For more information, see www.physics.byu.edu/undergraduate.

career opportunities:

A degree in physics or physics-astronomy can provide:
1. Preparation for those who intend to enter industrial or governmental service as engineers, technicians, physicists, or astronomers.
2. Education for those who intend to pursue graduate work in physics or astronomy.
3. Education in the subject matter of physics for prospective teachers of the physical sciences.
4. Undergraduate education for those who will pursue graduate work in the professions: business (e.g., an MBA), law (especially patent law), medicine, etc.
5. Fundamental background for other physical sciences and engineering, in preparation for graduate study in these fields.
6. Physics fundamentals required by the biological science, medical, dental, nursing, and related programs.

For more information on careers in your major, see www.physics.byu.edu/undergraduate/careers.

map disclaimer

While every reasonable effort is made to ensure accuracy, there are some student populations that could have exceptions to listed requirements. Please refer to the university catalog and your college advisement center/department for complete guidelines.

Department of Physics and Astronomy
Brigham Young University
N-283 ESC
Provo, UT 84602
Telephone: (801) 422-4361
physics_office@byu.edu

Advisement Center Information

Physical and Mathematical Sciences College Advisement Center
Brigham Young University
N-181 ESC
Provo, UT 84602
Telephone: (801) 422-2674
BYU Physics BS
Requirements / Prerequisites
2023-2024 Academic Year

Major (63-64 Hours)
1. No more than 3 Hours of D credit is allowed in major courses.
3. Complete two of the following three course (Requirement 2): PHSCS 442, PHSCS 452, PHSCS 471.
4. Complete one of the following courses (Requirement 3): PHSCS 442, PHSCS 452, PHSCS 461, PHSCS 471, PHSCS 530, PHSCS 581.
6. Complete two credits from PHSCS 498R.
7. Take the Physics Major Field Test your last semester.

Physics Minor
1. Complete the following 5 courses: Math 113, PHSCS 121, PHSCS 123, PHSCS 220, PHSCS 222.
2. Complete 4.0 hours from the following courses: PHSCS 127, PHSCS 137, PHSCS 167, PHSCS 225, PHSCS 230, PHSCS 240, PHSCS 310, PHSCS 311, PHSCS 318, PHSCS 321, PHSCS 330

Note: When Taught is subject to change.
Guide only—please consult MyMAP for full requirements.
### Handshake: BYU's Online Job Board

**BYU's own job board. Employers who want to hire BYU graduates or offer internships to current students post job openings to this website and students apply. Just like LinkedIn, employers can view student profiles and students can network as they apply for jobs and internships.**

Login to handshake.byu.edu >>> BYU Net ID

*you do not need to create an account, just sign in with your BYU information*

---

**HOW TO MAKE THE MOST OUT OF HANDSHAKE:**

1. **COMPLETE YOUR PROFILE**
   - Upload your resume and it will auto-fill in your profile
   - Completed profiles tailor your Handshake experience
   - Information from your transcript is already uploaded
   - Fill in the Summary/Bio section
   - Fill in your past jobs and experiences, including all the bullet points you use on your resume
   - Add a professional headshot and background photo
   
   Remember: every word in your profile will be searchable by students and employers

   **employers are**

   **5X MORE LIKELY**

   to view a profile that has
   at least one job/skill/organization

2. **APPLY FOR JOBS**
   - Search for job titles, employers, or skills
   - Apply for interesting jobs that meet your skill set

3. **RESEARCH COMPANIES**
   - Under the "Jobs" Tab there is an "Employers" Tab
   - Search for keywords or locations to find companies that are the right fit for you
   - Plan to attend their info sessions on BYU Campus, connect with them at Career Fairs, or set up informational interviews to learn more
   
   Remember: when looking at companies or jobs, Handshake will tell you what other BYU students have worked there. Use this resource to network and discover more information!

4. **EXPLORE FELLOW STUDENTS**
   - "Students" tab
   - Search for fellow BYU students to view their profiles and job positions (Facebook stalking... "networking")

5. **ATTEND EVENTS**
   - The "Events" tab will be your key to attending info sessions, interviews, and Career Fairs
   - The "Calendar" tab under "Events" will show you what events are coming soon
   - Make sure to save events you are interested in or RSVP so you do not forget to attend
   - Spread the word to your friends on social media

6. **DOWNLOAD HANDSHAKE APP**
   - Search: "Handshake" not "Handshake Career Services"
   - Input your BYU e-mail address: netID@byu.edu (it will forward emails to the e-mail you have on file with BYU)
   - Handshake will send you a link via e-mail to enable your account in the app
   - Navigate the app to perform all the functions of the website that have been previously mentioned

7. **VISIT THE CAREER STUDIO**
   - Freshen up your resume, cover letter, or LinkedIn
   - Receive networking help
   - Practice interviewing with a mock interview
   - Meet with a full-time Career Counselor in your field

8. **GET A JOB, RING THE BELL**
   - Once you’re hired, stop by the Career Studio to ring our Victory Bell and get a picture for the Victory Board

---

**BYU Career Services**

[link to careers.byu.edu]
Possible Careers
with a Physics major
(Not a comprehensive list)

Accelerator operator
Acoustician
Aerodynamicist*
Astronomer*
Biophysicist*
Biotechnologist
Business administration, esp. high-tech industry
Business, self-employed
Computer scientist (many types: financial software developer, hardware engineer, IT consultant, programmer, software engineer, systems analyst, web developer, etc.)
Dentist*
Engineer (many types: Aerospace, Chemical, Electrical, Electro-optic, Mechanical, Medical device, Nuclear, Optical/laser, Semiconductor device, Manufacturing, Design, Process, Quality Control, Research & Development, Systems, etc.)
Financial analyst
Geophysicist*
Hazardous waste management specialist
Health physicist*
Lawyer (esp. patents)*
Manager, esp. high-tech industry
Materials scientist*
Mathematician*
Medical doctor*
Medical physicist*
Meteorologist
Nanotechnology microscopist
National security analyst
Neurologist*
Nuclear medicine technologist
Nuclear pharmacist*
Optical Scientist*
Patent agent or lawyer*
Physicist* (many types: Astrophysics, Atomic & Molecular, Biological, Condensed Matter, Nuclear, Optical & Photonic, Particle, Plasma & Fusion, etc.)
Professor* (university, college, community college)
Research lab assistant, research technician
Sales, esp. high-tech industry
Space scientist
Scientific computer programmer
Teacher (high school physics, high school science, middle school science)

*Usually requires a graduate degree

Gathered from the Counseling and Career Center and from the American Institute of Physics (aip.org)
